

2-1/2" Coil-Over Kits

Made of aluminum, these kits have slotted tops and are available for Carrera/QA1, Koni, Pro-Shock, Bilstein and others.

Part No.	Description
AAA12400	Carrera/QA1 5" Coil-Over Kit
AAA12405	Carrera/QA1 7" Coil-Over Kit
AAA12420	Pro Shock 5" Coil-Over Kit
AAA12425	Pro Shock 7" Coil-Over Kit
AAA12432	Koni 5" 30 Series Coil-Over Kit
AAA12433	Koni 7" 30 Series Coil-Over Kit
AAA12435	Bilstein 5" Series Coil-Over Kit
AAA12436	Bilstein 7" Coil-Over Kit
AAA12441	Monroe/AFCO 7" Coil-Over Kit
AAA12445	Carrera/QA1 2-1/2" Coil-Over Kit, 61/81 Series

Replacement Components

AAA12450	5" Aluminum Sleeve, Carrera/QA1, Pro
AAA12455	7" Aluminum Sleeve, Carrera/QA1, Pro
AAA12460	Aluminum Adjusting Nut
AAA12465	Slotted Coil Top, Carrera/QA1, Bilstein
AAA12475	Slotted Coil Top, Pro Shock
AAA12490	Coil Top Clip
AAA12495	Snap Ring

Suspension Tubes

Gold anodized aluminum tubes are threaded RH on one end and LH on the other, with a wrench flat on one end.

12000 Series: 7/8" Dia. x .156 Wall, Tapped 5/8" RH and LH
12100 Series: 1" Dia. x .156 Wall, Tapped 3/4" RH and LH

12000 Series

Part No.	Length
AAA12000-5.5	5.5"
AAA12000-8	8"
AAA12000-9	9"
AAA12000-10	10"
AAA12000-11	11"
AAA12000-12	12"
AAA12000-13	13"
AAA12000-14	14"
AAA12000-15	15"
AAA12000-16	16"
AAA12000-17	17"
AAA12000-18	18"

12100 Series

Part No.	Length
AAA12100-8	8"
AAA12100-11	11"
AAA12100-12.5	12.5"
AAA12100-12.5	12.5"
AAA12100-13	13"
AAA12100-14	14"
AAA12100-15	15"
AAA12100-16	16"
AAA12100-17	17"
AAA12100-18	18"
AAA12100-19	19"
AAA12100-20	20"
AAA12100-21	21"
AAA12100-22	22"
AAA12100-23	23"
AAA12100-24	24"
AAA12100-25	25"

Unthreaded 6' Lengths To Make Your Own Tubes

Part No.	Description
AAA12000-72	7/8" Diameter With .156" Wall For 5/8" Heims
AAA12050-72	1" Diameter With .225" Wall For 5/8" Heims
AAA12100-72	1" Diameter With .156" Wall For 3/4" Heims

Rod End Bushings

Bushings reduce the diameter of the rod end bolt hole to allow use of existing mount when the mounting hole does not match. Sold individually.

Part No.	Size
AAA10460	1/2" to 3/8"
AAA10465	5/8" to 1/2"
AAA10470	3/4" to 1/2"
AAA10475	3/4" to 5/8"

Reducer Bushing Assortment AAA10480

Assorted Sizes -10 pieces

Torsion Bushings

High impact plastic bushings are for use in the front or rear torsion bar tubes on a sprint car chassis. Bushings have 1-1/8" I.D. Sold individually.

Part No.	Description
AAA12540	Fits 1-1/2" x .095" Tubing
AAA12545	Fits 1-1/2" x .120" Tubing

Aluminum Wheel Adapters

Adapter allows use of Wide 5 or modified type wheels with the smaller bolt circle hubs and rear ends. Available for the following hub bolt circles:

Part No.	Description
AAA12800	4-1/2" Bolt Center
AAA12805	4-3/4" Bolt Center
AAA12810	5" Bolt Center
AAA12815	5-1/2" Bolt Center

Late Model Bird Cages

Machined from aluminum and fitted with a heavy duty sealed roller bearing. Unlike conventional bird cages, these do not have to be taken apart and cleaned after every race. A-1 Bird cages do not require grease and will not bind or attract dirt (which is the primary cause of rear end bind). Available with or without shock mount.

Part No.	Description
AAA13000	w/o Shock Mount Fits: Shaw Z-Link and Rayburn Swing Arm Cars
AAA13010L	Double Hole w/Shock Mount Fits: Most Coil Over Cars - Left
AAA13010R	Double Hole w/Shock Mount Fits: Most Coil Over Cars - Right

Bearing Style Bird Cages

Steel, bearing style bird cages fit a variety of swing arm or four-link style race cars and eliminate binding and wear on axle tubes. Cages do not require weekly greasing. Sold individually.

Part No.	Description
AAA13001	Swing Arm Style
AAA13007	Four-Link Style

Hub Bearing Kit

AAA12845

Kit contains the inner and outer bearing and seal. Fits most Wide 5 aluminum hubs including Sierra, and Wilwood.
