

Fuel Pressure Gauges

Needle movement is dampened for improved accuracy. Gauges are 1-1/2" dia. and include a 1/4" NPT fitting.

Part No.	Description
BGG17012415 PSI Gauge, Back Mount
BGG17002430 PSI Gauge, Back Mount
BGG17012630 PSI Gauge, Bottom Mount

Super Speedway Mechanical Fuel Pump

Pump delivers a reliable, high volume of fuel. Rated at 7-1/2-8 PSI and in stock for small block Chevy V-8 and V-6 engines. Pump has enlarged ports for increased fuel flow, -8AN outlet, and a choice of -8 or -10AN inlets. For use with gasoline only.

Part No.	Description
BGG170014SB, V6 Chevy Pump, -8AN Inlet
BGG170014-1	..SB, V6 Chevy Pump, -10AN Inlet
BGG170029Fuel Pump Insulator Plate
BGG170028Lightweight Fuel Pump Pushrod

Mechanical Six Valve Fuel Pumps

Pumps up to 130 gallons per hour, and may be used with gasoline or alcohol. Two models are available: 9 PSI (alcohol) and 15 PSI (gasoline or alcohol). Use a diaphragm bypass with gasoline and a throttle bypass with alcohol.

Part No.	Description
BGG170006SB Chevy Six Valve, 9 PSI Pump (1/2" NPT Ports)
BGG170007SB Chevy Six Valve, 15 PSI Pump (1/2" NPT Ports)
BGG170011SVO Ford Six Valve 15 PSI Pump

Belt Drive Fuel Pumps

Pumps solve fuel starvation problems for high RPM engines with high volume fuel requirements, especially for oval track racing. Fuel volume delivery increases with RPM. A bypass with return line to the fuel cell is required. The pump can be used with gasoline or methanol and can be adapted to a wide variety of engines. Mount and drive kits are available separately.

Part No.	Description
BGG176000#0 Pump, Gas Up To 1200 HP, Methanol Up To 750 HP
BGG176001#1/2 Pump, Gas Up To 1500 HP, Methanol Up To 1200 HP

Replacement Parts

BGG176040#300 Belt (30" x 1/2")
BGG176041#322 Belt (32-1/2" x 1/2")
BGG176042#345 Belt (34-1/2" x 1/2")
BGG176043#240 Belt (24" x 1/2")
BGG176070Fuel Pump Pulley (36 Tooth)
BGG176071Crankshaft Drive Pulley (18 Tooth, Fits 1" Mandrel)
BBG176060Chevy Drive Mandrel

Mount and Drive Kits

All components included to mount and drive a pulley shaft pump.

Part No.	Description
BGG176100SB Chevy High Mount - RH or LH
BGG176200SB Chevy Low Mount - LH
BGG176210SB Chevy Low Vertical Mount - RH
BGG176500SB Ford Windsor/SVO w/4-Hole OEM Balancer

Portable Power Tender BAT022-0142-DL-WH

Portable Power Tender performs 4-step automatic charging, producing 2.5 or 5 amps @ 12 volts. Unit features an LED, state of charge indicator and a 72 hour safety timer to protect marginal batteries.

4-Bank Battery Management System BAT022-0148-DL-WH

Capable of maintaining up to four auto, motorcycle or ATV batteries at once with 1.25 amps @ 12 volts. Provides four-step charging and a 72 hour safety timer.

Motorsports 16v/12v 20/40 Amp Battery Charger BAT021-1158

Charge 12 or 16 volt batteries. Includes 4-step charging and a rigid steel chassis with short circuit and reverse polarity protection.

Battery Tender Junior BAT021-0123

3-step, fully automatic charging and will maintain all types of batteries. Unit produces 750 milliamps @ 12 volts and has a two-color LED state of charge indicator.

Battery Tender Plus BAT021-0128

4-step, fully automatic charging, produces 1.25 amps @ 12 volts to maintain all types of batteries. Two LED's monitor battery condition and a 72 hour safety timer protects marginal batteries.
